PARASITES OF LABOR.

The fact that a guar an impartial way of introducing the subject of his own labor and the injustice of the relation between the laborer and the capitalist has been a remarkable feature of American life for the last century. It is a fact that the laborer, in America, has never been able to secure the same wages that he has earned, and that the capitalist, in America, has never been able to secure the same profits that he has invested. It is also a fact that the laborer, in America, has never been able to secure the same freedom that he has enjoyed, and that the capitalist, in America, has never been able to secure the same control that he has exercised.

This is a subject that should be carefully considered, and it is one that should be given a thorough and impartial investigation. It is a subject that should be given a thorough and impartial investigation, and it is one that should be given a thorough and impartial investigation.

The laborer, in America, has never been able to secure the same wages that he has earned, and that the capitalist, in America, has never been able to secure the same profits that he has invested.
